

Expense Policy

Filing an Expense Claim

All business expense claims must be filed through the Expense Management System within 30 days of the expense being incurred. Claims filed after 60 days will not be reimbursed without VP-level approval.

Receipt Requirements

Original itemized receipts are required for all expenses above USD 25. For smaller expenses, such as local taxi fares described in the Travel Policy, a self-certified entry is acceptable.

Approval Workflow

Expense claims are routed to the employee's direct manager for approval, followed by Finance review for amounts exceeding USD 1,000.

Reimbursement Timeline

Approved claims are reimbursed with the next payroll cycle, typically within 15 business days of final approval.

Non-Reimbursable Items

Personal entertainment, traffic and parking fines, alcohol (outside of approved client entertainment budgets), and airline seat upgrades are not reimbursable.
