

Laptop Policy

Issuance

All employees are issued a standard-configuration company laptop upon joining, selected based on role requirements as approved by IT.

Acceptable Use

Company laptops must only be used for business purposes and must comply with the acceptable use and encryption rules in the IT Security Policy.

Damage and Loss

Accidental damage is covered once per year at no cost to the employee. Repeated damage or loss due to negligence may result in a deduction from the employee's final settlement as described in the HR Policy.

Return on Exit

All company equipment, including laptops, monitors, and access cards, must be returned on or before the last working day. Full and final settlement, per the HR Policy, is contingent on equipment return.

BYOD

Personal devices are not permitted to access confidential or restricted company data as classified under the IT Security Policy.
